The Ryan White HIV/AIDS Extension Act of 2009, or just …

THE RYAN WHITE PROGRAM

There are five major Parts (formerly Titles) to the Act:

- **Part A** (formerly Title I)
- **Part B** (formerly Title II)
- **Part C** (formerly Title III)
- **Part D** (formerly Title IV)
- **Part F**

Parts E and G are General and Miscellaneous Provisions
Part A: Emergency Relief For Eligible Areas

- 1990 definition: provided emergency relief grants to Eligible Metropolitan Areas (EMA) which had reported a cumulative total of more than 2,000 cases of AIDS or a per capita incidence of 0.0025 AIDS cases.

- 1996 Reauthorization changed this from a cumulative total to the most recent five year period of time and the EMA must have a population of at least 500,000.

- The 2006 Act creates two levels of Part A’s (EMAs and TGAs)
  1) EMA= Eligible Metropolitan Area
     2,000 or more cases of AIDS during the most recent five years and a cumulative total of 3,000 or more living AIDS cases as of the most recent calendar year
  2) TGA= Transitional Grant Area
     Have between 1,000 and 1,999 cumulative AIDS cases during the most recent five years and a population of 50,000 or more.

- Funds are to be used for Core Medical Services, Support Services and Administrative Expenses.

- Beginning with the Act in 2006, HIV and AIDS living cases are counted for funding purposes (most recent calendar year).

Part F: Demonstration and Training - SPNS AETC’s, and MAI

- The Special Projects of National Significance (SPNS) supports the development and evaluation of innovative HIV/AIDS service delivery models that have the potential for replication, locally and nationally.

- No projects in Washington at this time
Part F: Demonstration and Training - SPNS
AETC’s, and MAI

- The AIDS Educational and Training Program (AETC’s) and the Dental Reimbursement Program have been transferred from Title VII of the Public Health Service Act to Title XXVI (the CARE Act, now the Ryan White Program).

- The AETC’s are a national network of centers (11) that have a responsibility for designated geographic areas in which they conduct targeted, multi disciplinary education and training programs for health care providers. The goal of the AETC program is to increase the number of health care providers who are effectively educated and motivated to counsel, diagnose, treat and manage individuals with HIV infection. The AETC’s also serve as resource centers by coordinating warmlines for current, accurate information concerning HIV, and by making available information about HIV resources, drug trials and referrals.

- Includes Dental Schools Program from previous act.
Part F: Demonstration and Training - SPNS AETC’s, and MAI

- MAI = Minority AIDS Initiative
- MAI funds go to Part A and Part B grantees
- For Part B, MAI is to find and get into care those minorities that are not in care
- Award for FY2010 Part A is $232,905 for Part B is $49,515
