For a **90-day supply** by mail order, you pay the same coinsurance percentage as the 30-day supply. Mail order pricing is often less than retail, saving you both time and money.

**NOTES:** (1) PCY = Per Calendar Year; (2) A prior review for Medical Necessity is recommended; (3) Pre-approval is required.

## COVERED PRESCRIPTION DRUGS

The HSA Qualified Preferred Provider Plan requires that you pay the pharmacy the full amount of your prescription when you pick it up. After you meet your deductible, WSHIP will reimburse you for its share of covered prescription drugs that are purchased after the date your deductible was met.

Prescription drug services are administered by Express Scripts; 1-800-859-8810. Prescriptions must be obtained from WSHIP's network of pharmacies. For your long-term prescriptions, you can often save time and money by filling your prescriptions through our mail order pharmacy program.

Most WSHIP plans have different copays or coinsurance for generics, preferred brands and non-preferred brand-name drugs; and some drugs require a coverage review (prior-authorization). A copy of our prescription drug formulary and information about coverage reviews and the mail order program is available at [www.wship.org](http://www.wship.org) or by calling 1-800-859-8810.

For Care Management services, call 1-800-549-7549. Services include medical necessity reviews and case and disease management programs.

## PRIOR REVIEWS FOR MEDICAL NECESSITY

A medical necessity review should be requested by you or your provider before all admissions to a hospital, skilled nursing facility or other covered facility, and for outpatient services listed on your ID card. This review lets you and your provider know ahead of time if the service is Medically Necessary. We do not pay for any services that are determined by WSHIP to be not Medically Necessary. To request a review, call 1-800-549-7549.

## MINIMUM ESSENTIAL COVERAGE DESIGNATION

Minimum essential coverage is designated by federal regulations to include state high risk pool coverage established before November 26, 2014 in any state. This includes WSHIP and means that WSHIP plans are designated as minimum essential coverage and satisfy the individual responsibility requirement of the Affordable Care Act and Internal Revenue Code. WSHIP benefits may not be the same as health plans in the individual market.
